

APGO Milestone 1 Curriculum Milestone and EPA Key

MILESTONES

Obstetrics

OB 1: Antepartum Care and Complications of Pregnancy

OB 2: Care of Patients in the Intrapartum Period

OB 3: Care of Patients in the Postpartum Period

OB 4: Obstetrical Technical Skills

OB 5: Immediate Care of the Newborn

Gynecology

GY 1a: Gynecology Technical Skills: Laparotomy (Hysterectomy, Myomectomy, Adnexectomy)

GY 1b: Gynecology Technical Skills: Vaginal Surgery (Vaginal Hysterectomy, Colporrhaphy, Mid-urethral Sling)

GY 1c: Gynecology Technical Skills: Endoscopy (Laparoscopy, Hysteroscopy, Cystoscopy)

GY 2: Peri-operative Care

GY 3: Abdominal/Pelvic Pain (Acute and Chronic)

GY 4: Abnormal Uterine Bleeding (Acute and Chronic)

GY 5: Pelvic Mass

GY 6: Pelvic Floor Disorders (Urinary Incontinence, Pelvic Prolapse, Anal Incontinence)

GY 7: First Trimester Bleeding

Office Practice

OP 1: Family Planning

OP 2: Ambulatory Gynecology

OP 3: Care of the Patient with Non-Reproductive Medical Disorders

OP 4: Health Care Maintenance and Disease Prevention

Systems-based Practice

SB 1: Patient Safety and Systems Approach to Medical Errors: Participate in identifying system errors and implementing potential systems solutions

SB 2: Cost-effective Care and Patient Advocacy

Milestone and EPA Key

Practice-based Learning and Improvement

PB 1: Self-directed Learning/Critical Appraisal of Medical Literature

PB 2: Quality Improvement Process: Systematically analyze practice using QI methods and implement changes with the goal of practice improvement

Professionalism

PR 1: Compassion, Integrity, and Respect for Others

PR 2: Accountability and Responsiveness to the Needs of Patients, Society, and the Profession

PR 3: Respect for Patient Privacy, Autonomy, Patient-Physician Relationship

Interpersonal and Communication Skills

IC 1: Communication with Patients and Families

IC 2: Communication with Physicians and Other Health Professionals and Teamwork

IC 3: Informed Consent and Shared Decision Making

ENTRUSTABLE PROFESSIONAL ACTIVITIES (EPAs)

EPA 1: Gather a history and perform a physical examination

EPA 2: Prioritize a differential diagnosis following a clinical encounter

EPA 3: Recommend and interpret common diagnostic and screening tests

EPA 4: Enter and discuss orders/prescriptions

EPA 5: Document a clinical encounter in the patient record

EPA 6: Provide an oral presentation of a clinical encounter

EPA 7: Form clinical questions and retrieve evidence to advance patient care

EPA 8: Give or receive a patient handover to transition care responsibility

EPA 9: Collaborate as a member of an interprofessional team

EPA 10: Recognize a patient requiring urgent or emergent care, and initiate evaluation and management

EPA 11: Obtain informed consent for tests and/or procedures

EPA 12: Perform general procedures of a physician

EPA 13: Identify system failures and contribute to a culture of safety and improvement
