1	As somebody building curricula in UME, I found this session extremely helpful. This topic is very dense, so I appreciated Dr. O'Sullivan's approach to having each group deliver the content in chapters.	1/29/2024 10:32 AM

#	COMMENTS FOR SESSION 2:	DATE
1	This was wonderful. In addition to learning about the different types of reviews, I found it very very helpful to spend time navigating databases. It allowed me to troubleshoot in the moment, as well as the get a jump on understanding what literature exists in the area of my EAP.	1/29/2024 10:32 AM
2	Honestly, I was not looking forward to this session, but I had a lovely time. It was interactive and thought-provoking and this was related to how Dr. Steinauer created the session/environment and would interact with us on our searches.	1/19/2024 8:09 AM
3	I felt this session did not use time wisely at the end. I think it should be intentionally shortened.	1/19/2024 8:07 AM
4	Very helpful session, both from a hands-on and group participation approach and going through the different kinds of reviews together, being able to talk about our projects together and get ideas from the group about our project.d	1/19/2024 8:03 AM

1	Love this!	1/19/2024 8:09 AM
2	I would suggest making the 2nd session shorter and adding an hour after lunch for us to move our bodies or rest- whatever people prefer. We are in a beautiful environment and I am always disappointed at conferences that station themselves in beautiful places and do not let us enjoy the natural environment. Thanks much	1/19/2024 8:07 AM
3	I was intimidated with the amount of sitting and time allowed for each block. However, the content and the presenters were engaging and excellent. I learned a lot!	1/19/2024 8:01 AM
4	none	1/19/2024 8:00 AM
5	Very grateful to participate, has been very valuable so far!	1/19/2024 7:59 AM
6	I feel we needed a bit more time for the first presentation. The dialogue was great and I would like to have dived a bit deeper.	1/19/2024 7:59 AM
7	Love it so far!	1/19/2024 7:58 AM
8	consider goal of explicit inclusion, recommend 9am mtg start if East Coast location (and adjust accordingly based on time zones when relevant), more notice/duration to complete homework, dedicated time during sessions to meet with ASL advisor and group so we can truly devote break time for networking and establishing cohesion within cohort	1/18/2024 5:35 PM
