#	COMMENTS FOR SESSION 3:	DATE
1	I appreciated that Pat acknowledged that this book is a great resource, but not feasible to read cover-to-cover. This session provided a great deal of insight into curriculum development.	1/15/2025 8:16 PM
2	Great guidance through the potentially dense material of the curriculum development case	1/12/2025 2:30 PM
3	Dr. O'Sullivan is an inspiration. She is highly engaging and using different teaching methods that truly ensured that I understood the basics of the topic. This session was extremely applicable to my role as clerkship director.	1/12/2025 2:16 PM
4	amazing session loved it and can't wait to bring these tools back to my faculty	1/11/2025 2:35 PM
5	Creative way to walk us through an entire book in 4 hours while keeping it interactive. Enjoyed the different activities.	1/11/2025 1:03 PM
6	Really enjoyed Pat's presentation and experience.	1/11/2025 1:02 PM
7	Dr. O'Sullivan is such an incredible source of knowledge. Humbling to learn about best practices for objective writing.	1/11/2025 9:59 AM
8	Again, very much appreciated learning with Pat- very interactive/engaging	1/10/2025 9:14 PM
9	Absolutely wonderful presenter. Would attend any lecture she had to offer.	1/10/2025 8:50 PM

Q3 Friday, January 10, 2025: Session # 4 - Introduction to Educational Scholarship-SteinauerSession Evaluation Form

Answered: 17 Skipped: 0

#	COMMENTS FOR SESSION 4:	DATE
1	This was a great session, but the afternoon got long. Wondering if it could be broken up-present the first part, do curriculum development session, then finish with the second part of the session. Dr. Steinauer is so approachable; I feel so honored to learn from her.	1/15/2025 8:16 PM
2	Excellent Session. Would recommend initially just posting the key 2-3 key articles (education epidemiology etc.) to review in depth. Then introduce the abstracts and additional resources during the session.	1/12/2025 2:30 PM
3	This topic is valuable and applicable to my goals of completing educational research. I learned the basics about different types of research. I am in the process of trying to develop a survey, and I loved the session about creating questionnaires. I think that the instructional process helped me to remain engaged. The process of going through the articles was difficult for me. Because it was at the end of the session, I found it hard to concentrate and comprehend the different sections of the article that I was reading, and therefore could not participate fully in the discussion. Due to the density of this session, it may be better to hold the session in the morning.	1/12/2025 2:16 PM
4	Loved the survey section.	1/11/2025 5:57 PM
5	very dense and difficult to maintain attention for 4 hours	1/11/2025 2:35 PM
6	Really well done session, created space to ask questions and lead to really actionable improvements for me	1/11/2025 2:30 PM
7	loved the new set up for this session thought all parts were useful	1/11/2025 1:03 PM
8	This was a nice intro/review of various types of research. I don't have much experience with this, but I was able to understand the content and it was neat to use papers to explain the concepts while keeping the activists interactive. The most interesting part for me was about developing questionnaires, I will definitely use this in the future.	1/11/2025 1:03 PM
9	Great information, but felt really dense (maybe would be better for the morning?). I do believe this to be an important topic. Perhaps it just felt overwhelming because I don't have much research experience at all.	1/11/2025 1:02 PM
10	Loved! I dont think we needed a deep dive into statistical tests. The way we did it was perfect!	1/11/2025 9:59 AM

APGO Scholars and Leaders January 2025 Session Evaluations-Day 2-Friday

11	This is a very dense topic. Would have been really helpful to have a research for dummies intro for those of us that are more clinical, or a podcast? I still would not be awesome at article review or describing these methods/research strategies. It may be more helpful as a session to have sessions on each type of research after we have research questions so we can focus on appropriate processes for our own research question.	1/10/2025 9:14 PM
12	Again, I thought this section dragged on. This information is important, but the practice built in was not really helpful in the sense that it had us reviewing papers that likely don't have much correlation to research we are doing. Seemed like time that could have be spent otherwise.	1/10/2025 8:50 PM

Q5 Additional comments for the ASL Program:

Answered: 5 Skipped: 12

#	RESPONSES	DATE
1	Thank you for clearly being intentional about the design of every component of this program. Small comments: build into for a group photo during one of the breaks. (We ended up trying coordinating a meet up during FDS). Building 10 minutes for at the beginning of the morning for the eval is a great idea.	1/12/2025 2:30 PM
2	The sessions are organized and relevant to my career. I'm enjoying myself!	1/11/2025 1:03 PM
3	Could offer to hold some small groups outside to enjoy weather :)	1/11/2025 1:01 PM
4	Are you able to do the scholarship sessions first in the morning? Is it possible to run these sessions outside?	1/11/2025 1:01 PM
5	For both Thursday and Friday, may be helpful to finish an hour early and do those two hours on one of the FDS days	1/11/2025 2:15 AM
