1	Useful talk with feasible ways to teach in the OR. Would have wanted some time to complete personal implementation plan during the session.	2/26/2025 7:53 PM
2	I thought the accompanying reading, as well as the talk itself, was really informative. I would have appreciated seeing a framework to evaluate skills more thoroughly/ development of a national curriculum (THIS COULD SO BE AN ASL GROUP PROJECT) for surgical teaching and rating of procedure skills that are ACGME required.	2/26/2025 7:39 PM
3	I thought this subject/talk flowed well from the last two days of reflective practice and feedback. Would have loved to have had some time to role play.	2/26/2025 12:58 PM
4	Very inspiring speaker. Thank you	2/26/2025 12:28 PM
5	Great session! Lots to bring back	2/26/2025 11:19 AM
